INFORMATION DISCLOSURE STATEMENT

Pursuant to a telephone conversation between the undersigned attorney and Examiner Harrison in April 2000, all of the documents listed on the attached Form 1449, are not submitted with this IDS.

Rather, due to the large volume, litigation documents and other nonpatent publications, where indicated on the attached Form 1449, are incorporated by reference from copending application no. 08/922,046, filed September 2, 1997, and assigned to the assignee of the present application ('046 application).

Some of the documents incorporated by reference are assembled into Volume IX. Others of the incorporated documents were not bound into separate volumes, but were submitted individually for consideration in the '046 application as indicated on the attached 1449.

The Examiner in the '046 application allowed all of the claims over the information in Volumes I through VIII, which are listed in the IDS submitted when this reissue application was filed, and over the information in this IDS that is incorporated by reference in this IDS from the '046 application.

Accompanying this IDS are copies of all documents in the 1449 that are not incorporated by reference

Applicant requests that the Examiner in this application review the references listed on the Form 1449 attached to this IDS and allow the claims presented in this reissue application. Any questions about this IDS or the reissue application can be addressed to the undersigned attorney at the phone number below.

Respectfully submitted,
